*“I think the absolute highlight was the final presentation. I really liked it and it was very interesting to see what the other groups thought and how they presented it.”*

*“I loved the ideation module, because we could actually start our own ideas and think in a creative and objective way in order to present it.”*

### Top 3 modules:

1. Introduction in social entrepreneurship
2. Ideation – Creating an own social startup idea
3. Scaling – How to scale up my social impact?
